Well,lv been in LT For about a year now.lv noticed that were not in 1st place for the WW Cup.I Dont see how its possible that LT,Being one of the best clans,Not be in 1st 2nd or 3rd for ww cup.I know U.A. and E.o.D. are good to.I dont see how some other n00b clan that we could probally beat in under 5 minutes could be ahead of us on the offical ladder.Oh and if you have something to say about me saying LT. UA. And EOD. shpuldent be in 1st,then come to the main chat "gdi barracks" and challenge us.I Promise,Youll loose.

Edit---Im sorry UA is in 2nd.Another thing,I think its stuped how somone could win a bunch of 1v1 sniper matches and be in 1st.I have a dream.If WW Does shut down the servers,Then the offical ladder should be Taken over by clanwars.cc and REOL.Pleese no one respond to this post.Im just being stuped.
