thats your opinion, even though its not worth much. Anyone worth anything isnt really the right way to come across on that, your basically saying anyone who isnt a loyal part of renforums or the little community isnt a true rene player, which is hardly the case. Some good players are loyal here, as well as some absolutely horrible players are loyal here, so who are you to say who is worth what?

Ive played on the majority of server on WOL, honestly the ones involved with hawk-gaming and the ones with the least amount of bullshit and cry baby crap on them.
