EvilWhiteDragon wrote on Mon, 02 July 2007 18:27:1 VS 1's sucks anyway, and show in no way skill. Also, the fact that you host, does give you the advantage of: choosing team, map and no lag whatsoever. Also, you could limit the bandwidth towards the other player, and thus make it impossible for him to play.

Personally: I didn't give a fuck about the team, And I like Nod anyway.

He chose the map and I agreed to it.

But there was some lag, I warped about 3 times the whole match.
