Aircraft, you are a smart gamer, that is for sure. I didn't know that he stole others ideas, i hate people who do that, so scratch that idea. Why don't some people reply to this and say whether they liked it or no. Oh, and Aircraft, the reason I posted this was to find some mods to have a little more fun with the game as i currently reinstalled it last week. Do you have any good mods that you made recently?[/quote]
