oh let me guess troop you are not living at home anymore?? you got your snowboard sponsor and you are rich living on your own and have a lambo parked in the garage? please we all know you are a nerdy little retard that still needs to be tucked in by his mommy every night and told that he is the best in ren, and we are all just jealous of your godlike skills.

so why wont you shut the fuck up and just go do a 1vs1 with some1 who started playing yesterday and brag about it to your imaginary clanmembers.

oh no now im going to be told lol

or even scarier i will be challanged to a 1vs1!
which you dont have to even bother saying since i wont bother wasting my time in a game with you... you are not worth my time.

i would much rather play spoony then you since he actually has sportsmanship. and even if he beats me he wont throw it out every time he sees me post.
