cheesesoda wrote on Fri, 06 July 2007 12:50 Like Marxism, this idea doesn't work because you can't control a large amount of people.

I wouldn't mind seeing people smarten up and merge their small communities with others or merge small communities into larger ones. Too bad everybody wants to have power.

Just like the countries of the world today...would people accept to dissolve their borders and live under one flag? Hell no! haha!
