YES IT IS! Our server has it, but it's saved for mod use (dont ask me why, even i wonder) but all you do is ummm it's possible in lua I know and in c++, all you do is grant the power up object as that gun (you need to make a code for all guns) then make it take away money from the player...and thats about it...ask rashambo or somebody else, i cant remember the codes all from memory...
