Goztow wrote on Fri, 06 July 2007 18:13 Actually it's not my ISP and they're going to a higher court now so it might take a couple of years longer . And an encrypted torrent (say SSL) will bypass the detection easely. But it's the principle... They can take away a part of my Internet . Liek ZOMG, they are in your NETWORKZ stealing your INTERNATZ!
