Commando Burton wrote on Sat, 07 July 2007 12:38Remember I am still updating the page bit by bit. HERES A SNACK FOR
YA... WARNING this is a mod and it makes a error and shuts down... on renegade but i think its creepy... this is no biggy
just shuts down the game... the first time i use it i thought it was my friend then HE JUMPED ON ME! and here comes the error popped up... And i was in shock

That ALWAYS happens, you can't stop that, so dont even bother trying to.
