Ahhh ummmmmm i'm not sure, but isnt it possible to copy or write a line that says the crate will give you a stank? because theres crates that give you certain objects all the time when you get that crate such as ummm dehealth...I dont know, joe your probably better than I am lol, if no one can help you, then try asking my friend, he's a c++ master in renegade modding, but recently he quit modding ren, but he still helps people here and there with scripts and coding, ask and he will answer pretty fast

look for [AoB]Saad in IRC: #eat-sock

he taught me c++ so if you have a question, ask him, he's very helpful.
