EA are evil.

im not talking about Renegade.

Other EA games.

EG: RA2 if you played it, you know how many cheaters there were.

And, i am not bad mouthing the game.

I love it, i just cant play because of the lag i get on my 56k.

I am still on the boards, and will continue to be, because i still have one disc and a copy of the serial.

Partly because the dude i sold it too don't have internet

LOL!

so if i get bored, ill probally re-install it.

Peace.
