Yes Erikboxem had *cheat name removed*1.33 on.

Why he had it on that is the question:

I was during the fun-war against gamerzone,
Erikboxem was hit twice inside the ref with a 500 sniper,
he was alone inthere.
How is that possible?

To find out who was cheating on gamerzone he put on *cheat name removed*to spectate out who it was.

Smart? no, Stupid? yes, understandable? yes a bit.

Thats it, no more no less,
if you say we won the fun-war because off that, well you know why we won.

To make fun or to have some advantage off this situation, that does not suits you,

I am not blaming you guy's for posting the screenshot,
but i do blame some posters for making fun or hurting people.

You can think about the reasons why they post it.

Duke-Gaming is NOT a free-heaven for cheaters,
and we will ban all the cheaters we can find and have prove off.
