But but! The only thing else on here right now are post count topics.

That is so sad that you feel the need to have a high post count but still cannot make comment on Harry Potter.

So far it has been a great read.

I meant that this is one of the few topics that isn't about post count. I don't participate in those often.

I can comment on Harry Potter all day long, you just wouldn't like to hear what I have to say about it.
