Okay, this is getting ridiculous. Last time I read this thread, it was 2 fucking pages long, and now it's 5?! Surely, this doesn't receive the attention that it's getting.

Truthfully, cheaters are coming up with every excuse in the book. They often add to their stories quite often, too. It's annoying as fuck. I say we just bound their hands and feet together and throw them in the river. If they drown, they were guilty. If they can swim, they're innocent, and then to be charged with cheating and burnt at the stake.

I say forgiveness is for the weak.
