Someone who cheats out of anger and with the express purpose of annoying people has no right to question anyone else's maturity, nor does someone who compulsively lies as much as you've done in a feeble attempt to flame someone.

I ask again since you dodged the first time I asked: What's the worst I've done? Call you a geek because you cheated out of anger at losing? Saying that to you doesn't put me on your level.

If you can't handle being called a loser for cheating, don't cheat and you'll be fine.
