ok hello guys
i'm stuck on my server
wittebolx helped me and other things but he won't help me with next:
well i wanna place !buy commands in my server
but i don't know how to
i have !weapon and !build but no !buy
can someone please tell me how to do or add me: powerkrachtglenn@hotmail.com and do it in remote access
i hace free renegade server renegade fds please help me!!!!
