Cpo64 wrote on Sun, 05 August 2007 16:39 This is an interesting development.

I never understood why Reborn hasn't had a public release.

This stupid concept of not releasing anything until its all done has always bothered me.

They have models, maps, scripts. There is enough to play, balanced or not.

Quite literally, its an organized mess. The biggest work to releasing it is not completing things, but finding everything to put it all together.
