Subject: Scripts 3.4.1 Error? Or Something Else?
Posted by _SSnipe_ on Sun, 12 Aug 2007 20:17:42 GMT

I used to have this problem with new scripts every time i join islands map my game crashes i dont know how it got fixed but happen for about a few weeks only with 3.4.1. scripts but i thought it was jsut me until a friend said with new scripts he cant join islands map without crashing just like i did and i dont know if it is the new scripts or what and if it is a scripts error i just need to check and make sure

thanks ttyl
