Once again, I am saying it was VulcanMak, he pulled the same shit back at Roleplay 2 forums when he got banned, blaming /b/ and all for it. This was probably for him to get us angry at that site, while he would show /b/ the posts of us angry at them, which would make them raid us.

Too bad for him it didn't work, so he came here.

By the way, Crimson, his IP is 71.110.45.34. See if he was at Renegade Wiki the day it got vandalized.
