Hello I am the owner of -SF- Clan name is -SF-mdluffy. We are a really nice and caring clan and have a excellent Community too. We do a lot with Renegade and also A Path Beyond one of the Mods. We are trying to have a server for both of these games. you can contact my clan member Angmar or myself. We are in the middle of Recruiting too for both divisions and also Reborn and C&C 3 also. here is are history of the clan.

How to join:

You can post an application here, then we look over it a bit, and you will more than likely be accepted. Also, the general clan rules are here.

We're not really a strict clan, we're mostly a group of gamers that like to hang out and work together when we are in battle together.

Clan history

This clan first started 4 years ago by a man formerly known as Psych0. It was called Total Domination (TDxClan). I was a part of the clan and felt very accepted. The clan was a fair size (roughly 13 members). But some personal and financial troubles caused the clan's decline. I thought that was the last I'd ever hear of them....

About 9 months later, I got a message from my old boss, Psych0 (who had changed his name to xadet). He asked me to join his new Renegade clan called Superior Firepower. I was glad to join and glad to see a couple of my old buddies again. During that period, the clan consisted mainly of 2 games: C&C Renegade and Counterstrike. Although they were two different sets of gamers, they got along very well. During this period, three new recruits (myself mdluffy, rCadre/IonicObi, and bahamut) joined the clan.

But, once again troubles encountered xadet and he gave ownership of the clan to mdluffy, who offered to purchase the site domain in order to keep the clan alive. For the past 7 months or so, we have changed domains about 4 times, and had much trouble recruiting clan members. But this past month has been the most progress I have ever seen in the clan's history.

I would like to thank the other three 'senior members' of the clan. bahamut, for being such a nice guy, Wyzeguy for your determination in getting soldiers for the clan and sticking with me though it all.

The -SF- clan right still growing bigger and bigger. I am very happy and thank all my members for sticking with me and helping me make this clan what it is today. We have around 30 clan members and we are still looking for more. So check us out. Thanks for your time everyone.
