<http://www.matchmaker.com/mm/men-single/ontario-hamilton7.htm>

^first thing that showed up in google, its a gay lovers website for gays in hamilton, scroll down the list and a guy by the name of "ace700" is listed. And his profile reads, " liek to work on computers" etc.

^the person also has an modded xbox

Heres how this all fits in. Its that Renegade guy "bbfcheck" from hamilton, and heres how you can peice it together:

- 1)bbfcheek doesnt like me because hes a known cheater
- 2)he himself said that he has a modded xbox and how it was better than people with ps2's
- 3)that matchmaker profile fits his age, and his like of computers, and it states hes from hamilton.
- 4)all the same EXACT nicknames, and how common is "ace700"?

Unless every signle of those is just pure coincidence (0.00000001% chance), then only then is it not him. I already know his ISP's (he has had 2+) and his former IP's, so if anyone gots info on the IP of "ace700" I can prove my point that much fuller.

Owned dickwad I can still play.

Check the Ip's yourself. They arent anywhere close to mine ill bet.

And since when have I had two ISP's?

IF your talking through my serial key, me and DaSuperj have the same Key.

We share the name, but I dont think my IP has ever changed.
