To be honest, if the US does actually attack Iran, I will believe that 9/11 was an inside job to invade the middle east.

this has come from the media which lies like no other orginazation and exagerates to the limits. i would like the media to be reformed.

we are neutral and wouldnt invade iran we would lose all support. and the 9/11 conspiracy about the government is stupid i dont care what you say. Everyone knows that the muslums have hated great britian and europe because of the crusades and the UN taking alot of land away to give to isreal, they are doing it to get back at us. If you dont beleive me look at your history books. especially the crusades. This is practically the crusades all over again.
