Haha, my words exactly, I spoke to em on msn and I thought he was xwis banned, he said he got a new IP and new serail, the craziest thing, is I had the idea of running his old IP thro the IPbot to see if anything came up. It must of been instinct, it just felt weird for him not to be comming back, I did the same thing right before people found out st34lth=matix

Im still like WTF tho, how in the world did I/everyone else that knew him not pick it up?

Good thing he stayed away from me and Hex... we can always spot his new nicks a mile away.

Wow, he still is around?

Lol, thats sad
