danpaul88 wrote on Mon, 10 September 2007 06:31As far as I know cameras.ini is the only (or one of a few) ini's that you simply are NOT allowed to change in any way shape or form, even pkg mods can't use a custom cameras.ini
Actually it does work if you put it into the data folder, but you have to modify presets that already are used in the game, (and even if you do that I'm not sure if it will work in .pkg).
