Maybe this will help. These are the exact steps i take when opening renegade. Maybe somebody who speaks German could help?

Step 1:

Step 2: I think this is the message of the day thing but i don't have a clue what it says.

Step 3: Note that it has one of my nicks auto logged in at the bottom however the same problem occurs when i uncheck the auto log in box and i just log in to the servers list without being asked for a nick/pw.

Step 4: Blank servers list
