Good luck Greg on whatever you decide to do!

Thanks for your effort that makes one of my favorite games of all time possible.

And it's the end of an era...I don't have much faith in pc gaming any more, as Westwood represents a huge part of my free time for the past 15 years

And I'll refrain from posting my thoughts about ea since well, it's not gonna change anything anyways...

As Kane would put it, Westwood lives in death! and their games will forever be in my heart.
