Subject: Proper format for saving a custom HUD.
Posted by bigejoe14 on Wed, 02 Jul 2003 20:09:55 GMT

What's the propper format for saving a custom HUD? I would get the XCC utilities but I think the site is down. I'm asking because when I go to save it, it says "Alpha information will be lost". So I'm not saving in the right format. Can anyone help?

God I suck at this skinning stuff.
