Step 1: Get the program name you are looking for (C-130 Drop Editor)

Step 2: Add 'download' to the end of it (C-130 Drop Editor download)

Step 3: Now this is an easter egg of the internets and its a very hard step for most. Browse to www.google.com and search for the keywords you composed in step 1 and 2! (
<http://www.google.nl/search?q=C-130+Drop+Editor+download&ie=utf-8&oe=utf-8&aq=t&rls=org.mozilla:en-US:official&client=firefox-a>)

Step 4: Usually the first hit is correct! (
<http://browse.files.filefront.com/Command+and+Conquer+Renegade+Tools+and+Utilities/121651/browsefiles.html>)

Step 5: Find the Program name (see step 1) on the list!
(<http://files.filefront.com/Command+and+Conquer+Renegade/4908702/fileinfo.html>)

THANK YOU FOR CHOOSING INTERNET AND GOOD LUCK!
