This may be a Renegade forum, but I been going forum to forum posting a warning about a video going around. So if your a Halo Fan, heed my word!

BAD NEWS!

For any Halo fans anticipating Halo 3, take my word for it. It has reached the 4 day mark.

DO NOT! I repeat DO NOT Watch ANY MORE HALO 3 VIDEOS UNDER ANY TITLE FROM THIS POINT ON!

I just was watching G4TV, and there is news that someone who managed to video tape the ending to Halo3, and uploaded it to Youtube.

So, who knows where it could show up next. So if you do not want the ending ruined, take my advice, **DON'T WATCH ANY HALO RELATED VIDEOS UNTIL YOU SEE THE ENDING FOR YOURSELF!**

You've been warned. Spread the word!
