[NEFobby[GEN] wrote on Sat, 22 September 2007 19:03]Ah I wouldn't think Renegade's alive solely because of mods, although it is a major factor. I think the clans and communities are what really keeps people playing this game.

I personally think the connection of words "Renegade/Battlefield" is an insult to Renegade. I sure hope they don't include vehicle spawns and artillery strikes, as well as other things that ruined Battlefield.

I've have to agree with this, Renegade will always live, because of us pure Command and Conquer fans.
