alwats,dat and all vehicles have 3-4 sounds, start, idle, stop, and firing. Theres no specific sound  
for cloaking, not even for the sbh.

its not impossible.. i can send u the file if u want me to frost. my friend sent it to me but i dont use  
it cuz its kinda an big advantage if u think aobut it..the one he sent is whenever u get close to a  
stank driving around u or w/e, it will play the bad boys song
