This is how it goes...

Ok Im on GDI as shown in the screen, the map is hour glass, We have no war factory and no refinery. All we had was an AGT and our Barracks and powerplant.

We were bombarded with attack after attack from flame tanks to Stealth Tanks and about everything else that nod had. But to no avail,we continued to regroup with our PICs and Hotwires killing rush after rush. here is a screen to show the scores.

BTW: we won.
