Will people please read the bible? I don't care if you don't believe in it but at least come in here with a decent sense of what it is you're talking about. Hell, Just read the New testament, it isn't that long.

I understand if you decide you don't want to believe in it, but don't argue that my religion is fake when you don't even take the time to know what it's about.

Sorry for the short rant, but that really bugs me sometimes.
