Now I could start a flame war here, but I won't, just please GTFO of this topic, ok?

im not the nerd youre the nerd who makes those shitty things that end up not working. and guess what youre doing a shitty job face it.

Well, call me a nerd, or what ever you like, but at least I have a social live, and besides that can be nice (in general, against people that aren't total fucktards) on the internatz. Something that you have problems with. So maybe you're not a nerd, but you aren not a social friendly guy either. I know I am.
