Subject: Virused-Don't download any files i have uploaded
Posted by Veyrdite on Fri, 05 Oct 2007 05:06:10 GMT

My computer has carked it today due to a collection of downloaders and trojans. I can't do anything about it exept format and reinstall everything but i want to notify the forums about this as i think it has been on my computer for some time and i may have uploaded something malicious.
