16:44The Iranians are going to get stank rushed.

It won't work! They will see the tracks that seem to move with a mind of its own...and they will press the big red button!

Nah, I would get PICs and whore them. Anyway...what about IR detection? (sorry didn't read all the way through..about to go somewhere) I mean most tanks use IR scopes to see other tanks...even in daylight.
