There was also a dude on these forums that was known for being a bit of an ass-wipe to people and he gave him a hard time over his mod.

The thread got pretty "famous" in this community and the replies you see in this thread are quotes or paraphrases from that hthread.

No one means any harm. I'm sure people will try and like your mod. Keep at it fella.

Yeah, don't take it personally, it's just a well known joke. Good luck though.
