I honestly agree with mexpire.

It'd be good for people to post known cheaters so other servers would ban them. It'd be a good idea to make a whole forum for caught cheaters.

Ironic? He isn't the first OSTK cheater, I can remember at least 2 others. Anyone remember OSTKfranz? Would join random servers (including mine), shot everything up with FR, ruin a perfectly good game, the fucker was magically evading bans. Week later, uses a different name, joins random servers again, this time killing the turret guns on the AGT, again, totally ruining the game, most of the time everyone just !vote gameover'd..
