I remember somewhere, that that Final Fantasy may be back in the hands of Nintendo because of the ps3s problems.

I sure hope thats not true. For the Xbox 360 maybe but please, dear God, not for the Wii!!! That's the only one of the three consoles I don't think I'll ever even contemplate getting. It just looks too awkward

The Sonic in these new games is way too childish, it's like they completely flipped his style upside down. He wasn't meant to be a 4 year olds hero.
