The Sonic in these new games is way too childish, it's like they completely flipped his style upside down. He wasn't meant to be a 4 year olds hero.

I agree with you. They stopped making "good" sonic games after the Adventure games.

My most favorite 3D sonic game, and also my most favorite Sonic game is definitely Adventure 2 Battle. I spent countless hours on that game. Raising Chao, perfecting course runs, collecting rings. That game was just so much fun.... it all went downhill from there, though.
