In some cases, "Freedom of speech" is pretty stupid, On the other hand, I'd like some!  
In NO cases is freedom of speech stupid. I should be able to say what I want, how I want, when I want, and why I want to say it.

Do I believe that everything someone says is acceptable? Fuck no, but I fully support their ability to say it. If CNN wants to have a story about how George Bush is a "stupid nigg\*r", then they should be able to. If FOX News wants to have a story on how Micheal Moore eats shit out peoples' septic tanks, they should be able to. Both news channels would receive some serious backlash from viewers for the horrible and pointless content, but it should be their choice to run said stories.

It's a shame you can't spot a joke, Unlike SlikRik here.

\*sigh\*

It's a shame you can't recognize that "jokes" on a message forum can't always be interpreted as such.

True, Oh, And by the way, I get the point your a hardcore liberal.

Mission accomplished?

My point isn't to make it clear what political affiliation I have. I'm just simply arguing my views because I disagreed with what you said. Should we all sit on our thumbs when we disagree with each other? I think not.
