No offense, but based on how easy it is to cheat, it's just stupid to even try and play. I mean, how long was stone cheating before he got caught? I mean, he didn't even really get "caught". He just moronically posted the pictures of himself cheating. 'bout the only way you generally can catch the people is if they do something as retarded as that. Also games aren't fun when half your team is running around with SBHs trying to steal tanks or see how many weapons they can get without ever actually attacking unless there's like 3 other teammates with him. No, don't help the lone soldier against the almost dead sniper, you might lose your weapons. That would be worse than death itself. Or better yet, who cares if the other guy killed the enemy, I'm an sbh so I'm entitled to taking the weapon.

Sometimes I would wish teamkill was on, lord knows it would teach people a little something.

I don't know about the "jacking off" part, all i did was respond to a post that somebody told me about. Whatever. You're a regular jokester Troop. I'll never forget the game you "won" on mesa against that guy even though ped beacon was turned off. Keep it up

Yours truly,
