Nukelt15 wrote on Fri, 19 October 2007 17:30 Never gonna happen. Competition being what it is, the chances of a single gold industry standard are slim to none. If anyone really believes that such a thing is what EA really wants (as opposed to having control over said gold standard), then I've got this great bridge I'll be willing to sell you for a small fee...

Good point, And if someone did try and make a console that will play Xbox, Wii and PS games, be sure a law suite will follow..
