Like i said you have no idea, None what so ever haha

Go back to your admin/corruption server and push you little iq around over there, where you can be big and POWERFUL hehe.

After reading your posts, i believe this will be my last post in this section, as some of us started crying from laughing so hard From reading the comment's.

We all here thank-you for the laughs.

Enough said on my part,as no matter what you all have the answer's don't you?.

Call me what ever you wish crime-son, compare me to whom ever you wish, Then ask me if i care? oh no responce on my part? I guess you have spoken.

You figure it out, if you cannot i would not be surprised 1 bit and perhaps that's 1 of many reasons some of us in the Right field's refuse to help your so called ignorant self centred egotistical community.

If you all think about it real hard The rest of the answer's are right in front of your face's, but like many others whom have visited this forum(As i know for a fact but oh yes i must be lying) and read and am sure have felt the same thing we have from the posts and childish attitude's, it leave's you where you are falling behind with what you seem to seek but will not get going about it the way you are, perhaps you will but like i said far far behind.

Now i will not reply to this thread anymore as for the same reason i posted above.
