http://dictionary.reference.com/browse/racist

You just proved yourself even more idiotic and stupid by not understanding the meaning of
racism...
Racist
-noun
a belief or doctrine that inherent differences among the various human races determine cultural or
individual achievement, usually involving the idea that one's own race is superior and has the right
to rule others.

In english, it means if you consider a group you are part of superior to another group of people
who are different. It doesn't matter if you are white, black, asian, or fucking boy or girl. It's still
racism, and I'll be fucking pissed off if you are not tolerated here.

again, everyone please report his posts. All racists should be banned, and killed. Thanks.
