razorblade001 wrote on Sun, 28 October 2007 09:40IMO, owning a cheat is just as bad as using one. It's the principle of the matter.

If you have them, what's stopping you from using them?

That's weak logic.

What's stopping people from using cheats if they have them (for testing purposes)? Common sense, self-restraint, and respect for other gamers and server owners.

Just because I own a gun doesn't mean I'm going to shoot someone.
