1) AGE: 21

2) GENDER: Male

3) DRUGS YOU HAVE DONE: Alcohol, Tobacco (had a cigar with a friend, a few cigs when someone took me clubbing). There was a time when I could say I never intended to try any substance at all, but that turned out to be self-deceptive horse shit.

3) a. If you've done any of above, would you consider yourself addicted, physically or mentally? No. The caffeine addiction I had going in high school (yes, I drank that much Coke) was enough of a pain in the ass that I consciously avoid the habitual use of real drugs.

4) Have you ever driven under the influence? No, and I never intend to. People who do so anger me beyond words.

5) POLITICS: Are you conservative, or liberal? Neither. I find both viewpoints rather disagreeable for a variety of reasons, and place myself more towards (though not entirely in) the libertarian camp.

6) What are your religious beliefs? I'll let you know when I find out. Seriously, though- I used to define myself as an atheist, but agnosticism seems a better fit for me these days as I kept finding myself having to explain to people "okay, I don't believe in God, which makes me an atheist, BUT..." By calling myself agnostic I can describe my beliefs without some uppity jerkoff trying the 20-questions routine in a half-assed attempt to show me why I'm this and not that. It honestly got tiresome. I believe that death is not the end of everything, that there are forces at work that are beyond our current ability to comprehend, and that existence can neither be traced back to an ultimate beginning nor forward to an ultimate end.
