Most of you that have been on these forums for a long time knew me as 'deadfive' when I first started out on these forums, an extremely annoying, immature, and little dweeb that wouldn't leave you guys alone (heh..), but seriously, I just want to hand out a big thanks to those of you who had helped me in the past with all those pesky questions I had asked, over, and over, and over. I'm at the point where I have a small, but successful website, community forums, and the works, and I truly would not be here if you guys had not helped me back then. Whether the help was little or big, still, I owe you all a big thanks.

So, a big thanks goes out to you guys, I owe you at least that:
