What exactly happened that pissed people off? I don't see a topic or post here that you guys seem to be talking about.

Are you talking about luv2pb's generalization? If so then I'm sorry that that actually pissed you off. I'm a Christian, but I'd be lying if I said that most Christians wouldn't take offense to such a thing. Most Christians take offense to anything that they think is against their religion, which is funny because most of them have no idea about it.

edit: wow i had all of that in one sentence, fixed
