I remember going out and cleaning ditches with the local rotary association. I must of been no older then 8. The other rotarians helped my brother and I collect enough cans and bottles throughout the day to buy the \$20 game. First game I ever bought.

So has anyone heard of "Command Companion - The Eve of Domination" I was really interested when I saw the auction but I didn't have time to bid on it. The guy doesn't have any pictures, screenshots or the original box. I'm a little skeptical but it sounds neat.

You assume it is command and conquer because it has command in it?
